

ALLIED HEALTH

At DACS, we believe Allied Health is about more than treatment. We offer support that starts with you and aims to make everyday life easier.

DACS is a Registered Aged Care Provider

Sometimes small changes can make a big difference.

A different approach to a daily routine.
The right equipment.
A safer home environment.
A personalised exercise program.

Our Allied Health team helps identify practical strategies to support wellbeing, participation and quality of life.

DACS ALLIED HEALTH SERVICES

Occupational Therapy

Our Occupational Therapists support people to participate as independently and safely as possible in everyday activities.

Support may include:

- ✓ Daily living skills intervention plan
- ✓ Home environment assessments
- ✓ Equipment and assistive technology prescription
- ✓ Falls prevention and safety strategies

Physiotherapy

Our Physiotherapists help people maintain movement, strength, mobility and physical wellbeing.

Support may include:

- ✓ Mobility and functional assessments
- ✓ Strength and balance programs
- ✓ Falls prevention strategies
- ✓ Exercise programs
- ✓ Pain and movement management
- ✓ Mobility equipment recommendations

Podiatry

Our Podiatrists support people to maintain healthy feet, stay comfortable and move safely and confidently.

Support may include:

- ✓ Comprehensive foot assessments
- ✓ Foot care and management
- ✓ Nail and skin care of feet
- ✓ Falls prevention and risk management
- ✓ Footwear advice and recommendations
- ✓ Orthotic assessment and recommendations

Other Allied Health Support

Depending on individual needs, DACS can help coordinate access to a broader range of professional supports.
